Page 3: Area one: new core recertification programme

Q4 What, if anything, do you like about our proposed core recertification programme?

nil

Q5 Is there anything about our proposed core recertification programme you would change?

Yes,

Please explain.:

the core is by itself is very subjective process, which merely relay on ethics and professional standards, which theoretically should these two values are already exist and in practise before this core. My point of view this extra and complicated programme ll make the profession is extremely stressful and on the other hand would not improve it.

Q6 Do you support our proposal to change the recertification cycle to 12 months?

No,

Please explain.:

it ll be tremendous amount of extra work, subjective and even thought it would not solve the real issues or worries of the council.

Phase two consultation on recertification

Q7 Do you think our proposed core recertification programme should include a requirement for practitioners to complete an online open-book assessment of their technical and clinical knowledge and skills?

No,

Please explain.:

assessment for what? online open book? what about the CPD requirement. if you think the dentists will sleep during CPD and just get points for that, the same issue ll be for online assessment. the dentist in away ll find the answers. I think this would not solve the issue as well

Q8 If a proposal about an online open-book assessment of a practitioner's technical and clinical skills and knowledge is supported, how often should practitioners be required to complete an assessment?

**Every two ,
years**

Please explain.:

I think once a year ll be too much and 5 years ll be also lng period, the 2 years period should be OK

Q9 Do you have other proposals about our proposed core recertification programme you would like us to consider? Please explain.

NO

Page 4: Area two: support for new registrants

Q10 What, if anything, do you like about our draft proposals for supporting new registrants?

mentioner

Q11 Is there anything about the draft proposals for supporting new registrants you would change?

No

Q12 Do you think the proposed two year minimum period for the mentoring relationship is:

**too ,
long**

Please explain.:

one year should be enough

Q13 Do you think all new registrants should participate in a mentoring programme, or are there some new registrants who should not be required to participate in a mentoring programme?

No,

Please explain.:

To be honest the council registration exams are more tough than the undergraduate programme at the NZ and Australia, Furthermore the new ristrants mostly have years clinical of experience before starting working in NZ not like the new graduate.

Q14 Do you have other proposals about supporting new registrants you would like us to consider? Please explain.

no
