**Q4** Do you agree or disagree with the draft naming policy? **Agree**

---

Page 5: Your support

**Q5** Please describe why you support the policy

I support the policy if it is naming of people who conduct criminal offence. I am not sure about competence naming policy. Because who to decide which dentist is competent and not. If there is no retraining and supporting programme then anyone can be subjected to naming policy and ruin their career as a result. Let's be honest we all make mistakes and people should be given a second chance based on circumstances. however, with criminal offence there is a big stake at risk and the public interests may outweigh the importance of the practitioners personal interests.

So I agree naming policy as long as it is used very cautiously and it is when the benefits strongly outweigh possible negative effects on the practitioners.

I also think this policy should also accompany a retraining or supporting programme to help practitioners to learn and improve rather than just naming and shaming. It takes years to train to become a health provider and everyone should be judged on his or her particular circumstances
