Q3 Do you agree or disagree with the proposal to remove the 18-year age limit for restorative activities from the OHT scope of practice including: accredited, gazetted programmes allowing oral health therapists to perform restorative treatment on patients 18 years and older an exclusion, such as "Restorative treatment on patients 18 years and older", being placed on oral health therapists' scopes of practice until they complete an accredited adult restorative programme which will allow them to apply to have the exclusion removed (noting that the activities registered oral health therapists can currently perform within their scope of practice remain unchanged).

Strongly agree

Q4 Please describe why you support the proposal

Many other countries are already doing this, and it would be a good idea as they have already learned how to do restorative work on under 18 years, therefore it makes sense to use their skills more widely. It also would be more efficient for a dental practice, as dentists would have more time to see other work.
