Yes

Do you support the proposed Supplementary risk management principles for oral health during the COVID-19 pandemic? If you do not support the draft, please share your concerns, reasons for your view, and proposed alternatives if you have any.

Q6

Please share any comments you have below:

patients whether vaccinated or not should have to do a rapid antigen test to be considered low risk due to the MOH documenting that with a larger percentage of the community vaccinated, transmission is more likely to occur between vaccinated individuals.
