Q5 Dentist competencies

Choose the draft competencies you would like to provide feedback on. You can comment on any or all the proposed sets of professional competencies, but separately.

Page 6: Dentist competencies

Q6

Agree

Do you agree/disagree with the proposed draft dentist competencies?

Q7

Please detail your position below

Tautoko! I would like to awahi this proposed draft to dentist competencies. Our competencies are concerned with patient safety, this encompasses cultural safety. There is consistent evidence demonstrating Māori oral health inequalities for decades. As our governing body I agree DCNZ is required to uphold te tiriti o Waitangi and ensure good governance to Māori (article 1), enable Māori to express their own tino rangatiratanga or authority over their own lives (article 2) and ensure equitable outcomes (article 3)- unless something proactive like this is done, how do we as a profession aim to overcome these inequalities? This is a step in the right direction for all of Aotearoa- when we do it right for Maori we do it right for all.

Q8

Agree

Do you agree/disagree to remove the detailed general dental scope of practice activities from the gazetted scope of practice, and to replace these with gazetted professional competencies?

Q9

Please detail your position below

We are now all well aware of the systemic inequalities in our healthcare system, our competencies should align with the changes we need in our community.

Q10

No

Would you like to provide feedback on another draft set of competencies?
